

THE ARTS SOCIETY BLACKWATER

VISIT to Cambridge University Botanic Gardens

DATE: 19th June 2018

This year the programme includes visits to venues outside London. Accordingly for June we are travelling north instead of south, although no journey by road is guaranteed to be smooth and we just have to hope for good weather! Cambridge University Botanic gardens are a centre of research and teaching and home to over 8000 plant species from all over the world. Gardening enthusiasts will appreciate the opportunity to have a guided tour and to learn about the work done there. At the moment snowdrops and a winter garden are complemented by the orchid exhibition but preparations for the summer displays are well in hand.

The cost includes entry and tour price plus refreshments on arrival. **If you require lunch there will be an additional charge as we will have to book ahead tables in the café.** Alternatively it is a 10 minute walk into nearby Cambridge.
